Important Information about Allergens:

A mention shall be made if the named substances or products made from them are included as an ingredient in the final product.
The labelling of the 14 main allergens is carried out according to legal regulations (EU Food Information Regulation 1169/2011).

There are also other substances, which can cause food allergies or reactions.

Despite careful preparation of our dishes,
in addition to the marked ingredients, traces of other substances
may also be present that are used in the kitchen production process.

All prices include value added tax. Tip is not included.
